Grown-up reads: A collection is a group of things. We can sort crayons by color or blocks by shape. We can count each group by touching one thing for each number we say. Moving the things apart does not change how many there are.

Ask: What can we do to help count each thing once?

Draw / tell: Draw a little collection. Dictate its name and tell how many you drew.

She may draw, label, or dictate. Grown-up writes her words.

Small steps count. Grown-up may write your words.
