

A little letter magic

Today's sound: Xx as in box

Connect - 2 min: Say or write part of your name. Revisit w, j, v.

1 Say it. Hear it.

3 min

Find and circle both forms of this letter.

Xx

s

x

a

X

t

Grown-up: In box, x represents two sounds: /k/ and /s/. Model them together at the end; do not say box begins with x. Say box; repeat /k/ then /s/.

Listen & say: Listen to box. At the end I hear /k/ then /s/. The letter x writes those two sounds here. Say box, then /k/ /s/ with me. This is listening practice; there is no need to count the sounds today. Try: Say box, then repeat its ending with me.; Say fox, then repeat its ending with me..

2 Trace. Write. Try.

4 min

Watch a grown-up model it. Trace the gray letters; try one yourself.

x x x

x x x

If ready: point, say the sounds, then blend with help.

jam

3 Read, talk & draw

4 min

Grown-up reads: Luna wanted to make a tall tower for her toy tennis ball. The tower tipped when she added the ball. Anastasia suggested a wider bottom. Luna tried again with more blocks at the bottom. This time, the tower stood. They smiled at their new idea.

Ask: What did Anastasia suggest?

Draw / tell: Draw a wide bottom for a tower. Dictate one fact from the story.

She may draw, label, or dictate. Grown-up writes her words.

Print tip: when a line ends, move down and back to the left to read the next line.

Numbers & discoveries

Take away within 5

4 Count, play & explain

7 min, including writing

Cross out the balls that go away. Count how many are left.

Cross out 1. How many are left?

$$4 - 1 =$$

Cross out 2. How many are left?

$$5 - 2 =$$

Say this number. Trace it. Try writing it once.

5 5 5

Science: prediction and testing

Say: 'Here is a paper sheet and here is a paper ball I made by scrunching another sheet. What do you think will happen when we drop them from the same low height? Let us try. Tell me what you saw.' Keep the drop below shoulder height.

I practiced today. I feel:
