

Words I can explore

Ready for more: model together, then let Anastasia try.

Connect - 2 min: Say or write your name. Revisit one sound and count 5-10 objects.

1 Listen, blend & read

4 min

Listen: Say dog, hop, pot. Child says the middle sound. Use your natural accent for short o.

dog

hop

pot

Grown-up teaches: This word is the. Read it for her. The t and h work together at the start; the vowel sounds like uh here. Say the whole word and find it in print.

The dog can hop.

Point to the first word and last word. Explain that The begins with a capital because it starts the sentence.

2 A little writing

3 min

Trace the model. Copy it once, or write one letter with help.

dog dog dog

3 Read, talk & draw

4 min

Grown-up reads: Anastasia and Luna practiced rolling a tennis ball toward a cup. The first roll missed. Anastasia moved a little closer and tried again. The ball touched the cup. Luna smiled. They took turns, counted their rolls, and cheered for each other.

Ask: What did Anastasia change before trying again?

Draw / tell: Draw a pet and something it needs. Tell: "A ____ needs ____." Add a label.

She may draw, label, or dictate. Grown-up writes her words.

One thoughtful try is enough. Use a model whenever helpful.

science: living things

Read: A dog needs water, food, air, and a safe place to live. A plant needs water, air, light, and room to grow. Ask: What do both need? What need in this text is named for the plant?

I practiced today. I feel:

happy

okay

need a hug
