

Words I can explore

Ready for more: model together, then let Anastasia try.

Connect - 2 min: Say or write your name. Revisit one sound and count 5-10 objects.

1 Listen, blend & read

4 min

Listen: Adult reads pet and see. In pet, e is short. In see, ee shows long e. Listen: red, see, bed, bee. Tell short or long e.

pet

see

Grown-up teaches: Read see and my from memory, then look closely to check every letter.

I see my pig.

Point to a word with 3 letters. Point to a word with 1 letter.

2 A little writing

3 min

Trace the model. Copy it once, or write one letter with help.

pig pig pig

3 Read, talk & draw

4 min

Grown-up reads: A young bean plant needs water, air, light, and room to grow. Its roots take in water. Its leaves use light as the plant grows. We can observe a plant each day. A drawing helps us remember what changed and what stayed the same.

Ask: Which plant part takes in water?

Draw / tell: Draw a solid shape found at home. Tell its name and one thing you noticed.

She may draw, label, or dictate. Grown-up writes her words.

One thoughtful try is enough. Use a model whenever helpful.

Numbers & discoveries

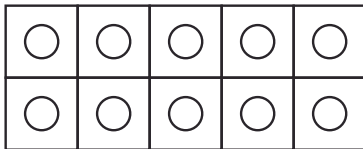

Eighteen and solid shapes

4 Count, play & explain

7 min, including writing

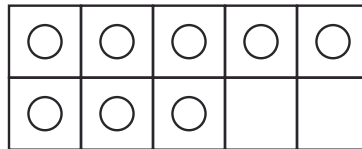

Count the full ten. Count on. How many altogether?

10 ones

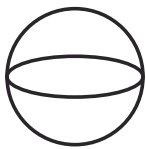

+

8 more ones

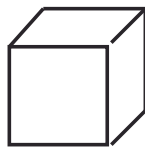

In all:

Name each solid. Tell which real object it is like.

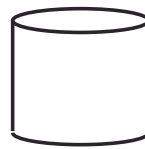

sphere

ball

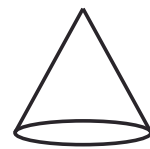

cube

block

cylinder

can

cone

party hat

Say together: Count together from 40 to 60.

Say this number. Trace it. Try writing it once.

18 18 18

5 Discover & do

3 min

science: observing materials

Find a ball, block, or closed can. Predict whether it can roll or slide. Test gently on a clear floor. A can may roll on its curved side and slide on a flat end; talk about what you actually see.

I practiced today. I feel:

happy

okay

need a hug
