

Words I can explore

Ready for more: model together, then let Anastasia try.

Connect - 2 min: Say or write your name. Revisit one sound and count 5-10 objects.

1 Listen, blend & read

4 min

Listen: Adult reads kit and kite. In kite, i and silent e show long i. Listen: sit, kite, pin, bike. Tell short or long i.

kit

kite

Grown-up teaches: This word is we. The w says /w/ and the e says its name here. Read we together, then find it in the sentence.

We can sit.

Explain who we could mean. Point to the capital W and final period.

2 A little writing

3 min

Trace the model. Copy it once, or write one letter with help.

sit sit sit

3 Read, talk & draw

4 min

Grown-up reads: Luna built a paper roof for her toy. The roof fell down. Anastasia asked, What could hold it up? Together they placed a block at each end. The roof stayed up. They tested it once more and drew their new design to remember it.

Ask: What problem did Luna have?

Draw / tell: Draw something you enjoy doing together. Tell: "We like ____ because ____."

She may draw, label, or dictate. Grown-up writes her words.

One thoughtful try is enough. Use a model whenever helpful.

Numbers & discoveries

Ways to make a number

4 Count, play & explain

7 min, including writing

Draw 5 dots in each box. Split the dots into 2 groups.
Show a different way in each box.

Way 1

Way 2

Then use 7 counters. Tell two parts that make 7.

Say together: Count together from 50 to 70.

Say this number. Trace it. Try writing it once.

0 0 0

5 Discover & do

3 min

science and engineering: pushes

Use the same toy car or block. Predict which will go farther, a small push or a bigger push. Test both from the same starting line. Describe what happened. Keep the pushes gentle and the path clear.

I practiced today. I feel:
