

Words I can explore

Ready for more: model together, then let Anastasia try.

Connect - 2 min: Say or write your name. Revisit one sound and count 5-10 objects.

1 Listen, blend & read

4 min

Listen: Say hen, pen, ten. Name the part that sounds the same. Say a rhyming word for bed.

hen

pen

ten

Grown-up teaches: Review 3-4 words. Support any word that is not automatic yet.

I see a hen. The hen is in the pen.

Point to a capital, a space, and a period. Tell where the hen is.

2 A little writing

3 min

Trace the model. Copy it once, or write one letter with help.

hen hen hen

3 Read, talk & draw

4 min

Grown-up reads: People use water to drink, wash, and grow food. Plants and animals need water too. We can help care for water by turning off a faucet when we finish. Keeping litter away from streams helps protect the places where living things make their homes.

Ask: How can we help care for water at a sink?

Draw / tell: After the two hen texts on page B, draw one idea from each. Tell a similarity and a difference.

She may draw, label, or dictate. Grown-up writes her words.

One thoughtful try is enough. Use a model whenever helpful.

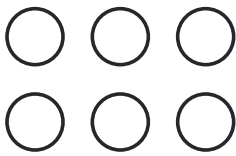

Numbers & discoveries

A story and a fact

4 Count, play & explain

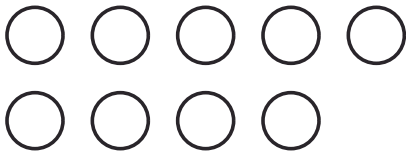

7 min, including writing

6 hens are in a pen. Draw 2 more hens as circles.
How many are in the pen now?

$$6 + 2 =$$

9 hens are in a pen. Cross out 4 that leave.
How many remain?

$$9 - 4 =$$

Say together: Count together from 80 to 100.

Say this number. Trace it. Try writing it once.

18 18 18

5 Discover & do

3 min

literature and informational listening

Adult reads story: A hen lost her seed. She looked by a log. She found it and felt glad. Ask who, where, and what happened. Then read fact: A hen is a bird. It has feathers. A hen can lay eggs. Ask the main topic and one fact. Compare the two texts.

I practiced today. I feel:

happy

okay

need a hug
